History of Adrian's...

Adrian Cochran founded Adrian's Beauty College in 1956. He was always progressive in his approach and definitely a people person. Using that formula for success, he went on to establish twenty-eight schools throughout California. There are now three locations that are owned and operated by Pat Cochran-Campbell. We strongly encourage our students to continue the community involvement throughout their professional career.

North Adrian's College of Beauty is located at 124 Floyd Ave Modesto, CA, just right off McHenry Avenue. The California Board of Barbering and Cosmetology licensed the College in 1968. In 2006, an additional classroom was secured at 2412 McHenry Blvd, Modesto, CA.

Adrian's Beauty College of Tracy is a branch of North Adrian's and located at 3000 W. Grantline Road Tracy, CA. The first class started December 9, 2008.

Careers in Beauty

Welcome to the wonderful world of beauty and our special world of education offered by Adrian's. The beauty and hair fashion world are bigger than ever, and the need for creative, well-trained designers is growing every day. If you love working with people and are willing to devote the time and energy necessary for real success, then this is the career for you.

"Energy crunches" and other shortages of materials are unlikely to affect this field. You are selling the skills your hands, creativity, knowledge and experience as well as your own personality and good will.

Your efforts bring immediate results. No one can take credit for your work, and this gives you considerable freedom and independence. New fashion design, seasonal colors and methods rescue the professional from the boredom of routine jobs as Cosmetology is always changing.

Even though the Cosmetology industry changes, beauty remains as always, desirable. More than half the population is women, all seeking to look their best. Men are also seeking fashion after a decade of regimentation in hairstyle and dress and are opening new business areas for serving others. There are many high paying specialized positions in the industry for men as there are for women.

In May 2007, data compiled the average annual salary for a salon professional in California is \$44,134. This amount does not include tips and gratuities. Nationally, the average salon professional's salary is \$35,973.

Other Key Findings

- Zero Unemployment. Today, the growing salon industry offers a dramatically unique zero unemployment factors-needing many more new salon professionals than we can supply.
- 49% of the salon owners classified their salon as a full service salon, 20% as a haircutting salon, 58% as a full service salon and 13% as a barbershop.

Today, the professional salon industry continues to offer terrific new employment opportunities to qualified job seekers. Whether it is to launch a new career or to begin a mid-life career change, this industry offers new opportunities with numerous amazing rewards. The Professional Beauty Business is a 72 billion-dollar industry domestically and 250 billion internationally. This industry consists of more than one million people including hairdressers, salon owners, manufactures and distributors.

*Disclosure Statement Regarding Criminal Plea/ Conviction: As of 9/15/10 The Board of Barbering & Cosmetology (BBC) sent out a letter that took effect immediately. Board of Barbering & Cosmetology (BBC) will accept applications from applicants who wish to have their criminal history/convictions reviewed prior to beginning school. Applicants will need to submit the Application for Examination & Initial License Fee with the corresponding \$75 Application/Exam fee. In Addition they will also need to attach a Disclosure Statement Regarding Criminal Plea/Conviction form. The \$75 application/exam fee is a non-refundable fee and will be held on file one (1) year from the time received, otherwise the fee is considered abandoned, (see Section 7345, Chapter 10 of Division 3 of the California Business & Professions Code).

The Disclosure Statement Regarding Criminal Plea/ Conviction form has additional questions on the applicant background information. Applicants need to include the following:

- All misdemeanor & felony convictions, regardless of the age of the conviction, including those which have been set aside and/or dismissed under California Penal Code Section 1000 or 1203.4 (Traffic Violations of \$500.00 or less need not be reported).
- Copies of records, court documents, and fines imposed verification of restitution received by the court, and verification of successful completion of probation.
- A letter from you describing the underlying circumstances of arrest as well as any rehabilitation efforts of changes in life since that time of prevent future problems. If possible letters of reference from past and/or current employers.

These procedures are being made to expedite the approval process & avoid any delays in obtaining an examination date once the required course is completed. Upon receipt of the criminal conviction documents, the Boards Enforcement Unit will review & determine if the application is approved or denied. Failure to submit all conviction related documents will delay the applicant's pre-approval request.

Upon completion of obtaining the required licensing hours, applicants will submit a second Application for Examination & Initial License Fee with the corresponding license fee amount & their proof of training document. Applicants are not precluded from pre-applying.

If you have any questions regarding this process please call 1-800-952-5210 or you may email any questions to

Licensing Requirements

Applicant must be 17 years of age or older and have completed the 10th grade. A Cosmetology license will be granted by the State of California only after the student has successfully completed and graduated from the cosmetology course described above and passed the Cosmetology Board Exam.

The State of California will check for any felonious convictions and should there be any found on the student applicant, they will refer back to the court of jurisdiction for clearance and this will result in the student either being delayed to take the test or denied taking the state test. In addition, the State of California will check for any outstanding fines or child support and the student will be denied the test until the state receives proof of payment and clearance of fines and child support.

There is no grace period for completion of your program. It is not realistic to expect to receive an education for free.
