## **History of Adrian's...**

Adrian Cochran founded Adrian's Beauty College in 1956. He was always progressive in his approach and definitely a people person. Using that formula for success, he went on to establish twenty-eight schools throughout California. There are now three locations that are owned and operated by Pat Cochran-Campbell. We strongly encourage our students to continue the community involvement throughout their professional career.

North Adrian's College of Beauty is located at 124 Floyd Ave Modesto, CA, just right off McHenry Avenue. The California Board of Barbering and Cosmetology licensed the College in 1968. In 2006, an additional classroom was secured at 2412 McHenry Blvd, Modesto, CA.

Adrian's Beauty College of Tracy is a branch of North Adrian's and located at 3000 W. Grantline Road Tracy, CA. The first class started December 9, 2008.

## Careers in Beauty

Welcome to the wonderful world of beauty and our special world of education offered by Adrian's. The beauty and hair fashion world are bigger than ever, and the need for creative, well-trained designers is growing every day. If you love working with people and are willing to devote the time and energy necessary for real success, then this is the career for you.

"Energy crunches" and other shortages of materials are unlikely to affect this field. You are selling the skills your hands, creativity, knowledge and experience as well as your own personality and good will.

Your efforts bring immediate results. No one can take credit for your work, and this gives you considerable freedom and independence. New fashion design, seasonal colors and methods rescue the professional from the boredom of routine jobs as Cosmetology is always changing.

Even though the Cosmetology industry changes, beauty remains as always, desirable. More than half the population is women, all seeking to look their best. Men are also seeking fashion after a decade of regimentation in hairstyle and dress and are opening new business areas for serving others. There are many high paying specialized positions in the industry for men as there are for women.

In May 2007, data compiled the average annual salary for a salon professional in California is \$44,134. This amount does not include tips and gratuities. Nationally, the average salon professional's salary is \$35,973.

### Other Key Findings

- Zero Unemployment. Today, the growing salon industry offers a dramatically unique zero unemployment factors-needing many more new salon professionals than we can supply.
- 49% of the salon owners classified their salon as a full service salon, 20% as a haircutting salon, 58% as a full service salon and 13% as a barbershop.

Today, the professional salon industry continues to offer terrific new employment opportunities to qualified job seekers. Whether it is to launch a new career or to begin a mid-life career change, this industry offers new opportunities with numerous amazing rewards. The Professional Beauty Business is a 72 billion-dollar industry domestically and 250 billion internationally. This industry consists of more than one million people including hairdressers, salon owners, manufactures and distributors.
